

WADDILL CEMETERY

ADAIR COUNTY, MISSOURI

This cemetery brought to you by [Ron ronc@amc.com](mailto:Ron.ronc@amc.com)

This cemetery is found by going east from Kirksville on Highway #11 to the first road going north. Follow this Road north and around a curve east over a bridge (about 2 miles) to a country gravel road going north. Take this road 2/10 of a mile, past a house on the east side of the road. Just past this house is a lane going west up a hill. Take this lane about 1/8 mile to the cemetery.

The cemetery is about 2 acres in size, half being from the Cason farm owned by Opal Martin (1979), and half from the Elsie Butler farm (1979). The cemetery is abandoned and overgrown with brush and weeds. There are remnants of a fence. There are many large stones still there. The last burial found was in 1923. It was impossible to plat this cemetery in rows as the stones were scattered, many broken and knocked over, and some buried under leaves and dirt.

The information was copied by Frances Ames, Leota Wood and Elizabeth Laughlin.
